## March 2013

Here I am once again on a hot early Monday morning putting together another Flare newsletter, bit of a struggle (bit out of practice). Hoping in future it will be a bit easier, your help in making contributions will no doubt make my job a lot easier, only need to fill four pages at the least so if you have a story to tell especially with images, they will be gladly included. Please note the member's classifieds . For the moment and subject to committee approval free for any club member to advertise photo or imaging related items to sell.

## From the Committee

*Plus a few extra comments from Kate*

- Need for having a supper co-ordinator for judging night. This person would provide tea, coffee and biscuits, as well as keep hold of *the* money tin.
- LIZ COCKS *will be* supper co-ordinator for this month, but not after that.
- Positions filled
  - New Flare Editor: Stephen Moten
  - Almoner (card sender) – Josie McGrath
- Positions still to be filled
  - Vice – President**
- Adjusted the yearly planner. Please note *the* changed date of the **YMCA Interclub comp.** To the **14<sup>th</sup> September**
- Radmac special on cutters used at last workshop: not sure of the brand *and* also apparently Radmac have moved premises.
- VAPS selection night was held at Jill Wharton's the attendees were Keith, Trevor, Jill and *Kate*. **We may still require some more Large prints.**
- Could we please have member's ideas for **workshops/outings?**

## Digital Report

Digital night was well attended, with several of our more experienced members attending to pass on their knowledge to the newer people who attended. To begin we watched the video, comparing Elements 11, CSR6 and Lightroom, this was very interesting, and one of our guests, who didn't think she would learn anything from that was most surprised to find that she did. Following that there was a lot of general camera/computer discussions around the room, then Carol went off with the two people who wanted to learn about their camera, then all had supper before departing.
